

## A little about us...

4shore Solar is a local family run electrical contracting company based in Burleigh Heads. Jason the owner, operator and installer has been servicing the electrical industry for over 21 years. Over the past 10 years Jason has proven his specialty field to be in the solar industry performing over eight thousand installations.

We have a very simple business philosophy; our clients, before, during and after sales service is impeccable, our main focus is you; our valued 4shore client.

We only supply and install first class premium solar systems. If you have a particular product in mind we can tailor a package for you.

## We believe...

- Every family, community and business can play a powerful role in creating an environmentally sustainable way of life through solar energy for future generations.
- Solar power is at the forefront of minimising our carbon footprint.
- Providing exceptional service and solutions to our clients, one installation at a time.

## CORE VALUES

- Safety
- Integrity
- Communication
- Accountability
- Respect
